

FRAMPTON PARISH NEWSLETTER

AUTUMN 2024 ISSUE

Message from the Chairman

CLLR ASHTON

Welcome to another edition of the parish newsletter, I am happy to report that the main aim of the newsletter, to encourage more engagement, is showing signs of bearing fruit.

The sense of community that we all, at some time in our life look for, is here in Frampton. Just take the time to take a look and take time to get involved. If you have moved in to the village from afar, please make yourself known at one of the events we have coming up, we would like the chance to welcome you to the village and the area. You will see that we have our first village pub night at The Roaming Villager, the details are later on in this edition, come along and make yourself known.

And don't forget, there is a lot of information in the newsletter, and we are here to help and support you.

Regards Stuart Ashton, Chair FPC.

A Potted History of Hubberts Bridge.

The first and possibly the most important thing to get straight about Hubberts Bridge is the origin of the name. So, a Mr. Robert Hubbert who died in 1850, was enterprising enough to construct a wooden turnpike crossing across the South Forty Foot drain. Charging vehicles such as they were to cross, this bridge was rebuilt in 1850, and remained in place until 1888, when it was replaced by a brick bridge, funded by the then local authority.

So, the conclusion as to the origin of the name of the village can be deciphered from the construction of the bridge by Mr Hubbert, Hubberts Bridge.

The arrival of the railway in 1859 and subsequent station was the next catalyst for the Village, house building along Station Road, and the erection of the warehousing behind the Wheatsheaf put the village on the map. The ages of houses along Station Road would date the arrival of the railway.

Of course, the railway and station allow residents of the village to travel the whole world from little old Hubberts Bridge. An example of this would be the departure from Beijing by a one-time resident of the village, via the Trans-Siberian Railway, through Ukraine, Europe, the channel tunnel and all the way to Hubberts Bridge.

How would Mr Robert Hubbert have reacted to such a journey.

The train visits Skegness, Wainfleet, Boston, Hubberts Bridge, Swineshead, Heckington, Sleaford, Rauceby, Ancaster, Grantham, Bottesford, Bingham and Nottingham.

Frampton Parish Churches

Should you wish to make use of their services, or would like to become involved please contact www.wybertonandframpton.org for more details.

St Mary's 100 Club

This fundraising activity started in 2011 as a simple way for anyone who appreciates St Mary's presence in the village, even if only as a very special ancient building, to support the cost of its maintenance, so that future generations can enjoy its beauty.

There are 100 tickets available for each monthly draw, which usually takes place after the service on the second Sunday of the month.

Nearly half the money received is returned in prizes – one prize of £25 each month plus an extra prize in December and April, the latter being the last month of the draw year.

Entry for the draw costs only £1 per month per ticket and can be paid monthly, yearly or any amount in between and you can join at any time of the year. If you would like to take part please contact Joan Deane on 01205 722744.
