Accessibility statement for www.frampton.parish.lincolnshire.gov.uk

Updated September 2026

This accessibility statement applies to Accessibility statement for www.frampton.parish.lincolnshire.gov.uk. It does not apply to any other website.

This website is run by Frampton Parish Council. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- change colours, contrast levels and fonts
- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

AbilityNet (https://www.abilitynet.org.uk/) has advice on making your device easier to use if you have a disability.

How accessible this website is

We monitor the website and aim to keep it accessible in line with WCAG 2.2 AA standards. However, we know some parts of this website are not fully accessible:

- when increasing the font size, some items overflow and may be slightly difficult to read
- some forms used on the site do not provide clear error messages
- some forms are not hosted on an accessible platform
- some pages are linked to external websites that are not fully accessible
- some PowerBI dashboards are not responsive or fully accessible
- some document attachments are not clearly written
- some graphics and document attachments have poor colour contrast
- some images do not have good alternative text
- some buttons are not correctly identified
- many documents are in PDF, Excel or Word format and are not accessible

How to request content in an accessible format

If you need information in a different format please contact us and tell us:

- the web address (URL) of the content
- your name and email address
- the format you need (for example, audio recording, braille, BSL or large print, accessible PDF)

Reporting accessibility problems with this website

We are always looking to improve the accessibility of this website. If you find problems that are not listed on this page or you think we are not meeting accessibility requirements, contact us..

Enforcement procedure

If you contact us with a complaint and you are not happy with our response, contact the Equality Advisory and Support Service (EASS).

Technical information about this website's accessibility

Frampton Parish Council is committed to making its website accessible in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Compliance status

This website is partially compliant with the Web Content Accessibility Guidelines version 2.2 AA standard, due to the non-compliances listed below.

Non-accessible content

The content listed below is non-accessible for the following reasons:

- some graphics have text in, which fails WCAG 2.2 success criterion 1.4.5 (images of text)

How accessible our documents are

Some of our documents are not fully accessible because they:

- are photocopies and cannot be read properly by screen readers
- are not tagged correctly (for example, they do not include proper headings)
- are not written in plain English

Content that is not within the scope of the accessibility regulations

Some of our older PDF documents do not meet accessibility standards.

We are working towards replacing as many PDF documents as possible with HTML web pages.

The accessibility regulations do not require us to fix PDFs or other documents published before 23 September 2018 if they are not essential to providing our services.

We are prioritising making PDFs accessible that:

- contain information on how users can access our service
- are most frequently downloaded
- contain information that has a statutory requirement

Our plan is to ensure that all essential PDFs are converted into an accessible format.
