STATE OF REPAIR
In great condition, well kept yard.
The noticeboard at FVCH is in good working order, it stands sturdily and is of no risk to the public. The paint has been recently redone.
The notice board by the bus stop is also in good working order, standing sturdily and no risk to the public.
The beacon brazier is in excellent condition, stable in the ground and no risk to the public.
Recent works mean the bench is in excellent condition.
The Civic Regalia is being safely stored at the Chairmans home.
The Gibet Nook Plaque is on a post which is secured in the ground and has recently been upgraded.
The speed awareness monitor is in good working order, securely attached to a metal post and of no risk to the public.
The Milestone is in great condition.
Laptop is still in working order however has now been replaced due to age and slow processing speed, it is still kept for files.
This laptop is in great working order and files secured as per guidelines.
N/A with old clerk
The millstone is secured by a support at the back and is stable. No risk to the public.
Purchased in 2023, these are in excellent working order. New defibrillator being purchased for St Mary's.
